

# Open Law Platform

The solution to better lawmaking for technology-powered governments.

You and your citizens expect technology to make your government better. We give you the lawmaking tools to exceed expectations.

## FOCUS ON HIGH-VALUE TASKS

**Open Law Draft** is the first purpose-built legislative drafting assistant. Integrating seamlessly with existing workflow as a Word plugin, it automatically finds common style, formatting, and language errors for you. This way you can focus on the important things, like the actual substance of the law.

## ENJOY REAL-TIME UPDATES

**Open Law Codify** is the world's most advanced codification engine, capable of codifying ten pages of law an hour and getting faster every day. We make it possible to update your municipal code as soon as a law becomes effective. You've worked hard to pass the law, we make it easy to use it.

## SUPPORT INNOVATION

**Open Law Publish** is the modern open-law publication system, supporting you, your citizens, and civic innovators with ADA-compliant websites, speedy search, and computer-readable formats and APIs.

## Real Results With Washington D.C.

-Open Law Draft analyzed the largest law passed by the D.C. Council and identified hundreds of errors to be fixed.

-Open Law Codify reduces delay between updates to the D.C. Code from months to weeks, and the delay continues to decrease.

-Citizen feedback through Open Law Publish has fixed many errors, some decades old.

We're your not-for-profit partner for better lawmaking. Let's begin the conversation.
